AFSIC Event App Quick Start Guide

This quick start guide helps attendees easily get started with the AFSIC Event App. The AFSIC Event App is available through your desktop via connect.afsic.net, as well as available through a native mobile event app "afsic".

Install and Sign-In on Mobile Event App

1. Using your iPhone, iPad or Android device, search for "afsic" and install the mobile app for the event from the app store and open it.
2. Enter your email address and password and complete your user profile.

Reset Password/Forgot Password

If you don't know your password, or are having trouble accessing the community either via connect.afsic.net on your desktop or via mobile event app:

- Enter the email address you registered with
- Click **Continue**
- Click on **Send me a magic link**.

If the entered **email address is found** in the community, you will be sent an email including your magic link that will allow you to login to your account so that you can reset your password.

If the system **does not recognize your email address**, consider whether there is a different email address that you may have registered with and attempt to login with the alternative.

If the above does not work, please message event@afsic.net and provide as much information as you can including your full name, registration confirmation (if available), and the possible email addresses that you might have registered with.

Getting Started on Desktop

After you've registered for an event, you will receive an email inviting you to join the AFSIC 2022 community.

This e-mail includes an **authorization link** that when clicked, will automatically log you into the community.

When logging in for the first time:

- A window will then prompt you to create a password for your account.
- After you've accepted, you can then edit your **profile page** where you can add information or make changes.

There are two ways of accessing your profile:

- From the drop-down on the upper-right corner of your screen, click "My profile"
- On the left side of your screen next to your photo, click "Edit"
- You'll be redirected to your profile where you can edit your information.

If you have not received your invitation e-mail or believe you accidentally deleted it, go to connect.afsic.net, enter your registration email address and simply click the **"Forgot Password"**. The system will

automatically resend you a magic link.

If the system does not recognize your email address, make sure that you have registered for the event with the same email address you are trying to use. If you have registered for the event, and are still having trouble signing in, email event@afsic.net to get additional help.

Troubleshooting if you receive an error and can't log in

- Are you signed in to the native event app?
- Are you connected to the Internet (this can be WiFi or the cellular network)?
- Are you using the app installed from the app store?
